## Mr. Poulton's Letter.

The letter of Hon. Geo. H. Poulton, accepting the Democratic nomination for Governor of Ohio, has been published. He compliments Gen. Rosecrans and others who were before the Convention, and concludes as follows:

Gov. Hays, in his speech at Wilmington, forgot to allude to the Fifteenth amendment, and give his views on that important question. In discussing the finances, he said we are in the midst of a profound peace, yet money is scarce, and business is depressed. He might have added that employment is difficult to be obtained; that labor is badly rewarded; that industrial pursuits are all hampered; that enterprise is everywhere languishing; that the tariff is most oppressive; that the internal taxation is most unequal, unjust and onerous; that the debt capital is exempted, and active capital and labor weighed down, and, warning with the picture, he might also have said that for eight years the republican party had been in absolute possession of the Government; that a republican secretary of the treasury has now control of the money market of the country; and that he uses his power only still further to contract the currency, to increase the hard times, and to buy over-due bonds at \$1.20, which by law he is entitled to buy at par, thereby taking \$20 for every \$100 from the taxpayer, and giving to the bondholder the farmer, the merchant, the manufacturer will ask why these things are so. What is the cause? What is the remedy? These are important questions this fall. They touch us all, democrats and republicans alike. They rise above the domain of mere party politics, in politics, and should be considered with the calmest reason, the purest motives, and the best judgment. In this spirit I shall discuss them, so far as I am able to take part with my friends in the activity of the campaign. For the result in October, we need no fear.

## The Massachusetts Democratic Ticket.

The Democratic State ticket nominated in Massachusetts bears the following names:

For Governor—John Quincy Adams, of Quincy.

For Lieutenant Governor—Samuel O. Lamb, of Greenfield.

For Secretary of State—John K. Tarbox, of Lawrence.

For Treasurer—Levi Haywood, of Garfield.

For Attorney General—Josiah G. Abbott, of Boston.

For Auditor—Phineas Allen, of Pittsfield.

The resolutions urge a return to Democratic principles, but acquiesce in settled results: demand honesty and economy in the administration, and assert the Monroe doctrine; asserts the rights of naturalized citizens and thanks the soldiers; condemns radical extravagance and the increase of the State debt; denounces prohibition, and endorses the views of the labor organization.

## THE PACIFIC COAST.

Important Mineral Discoveries in Alaska.

SAN FRANCISCO, Aug. 28.—Prof. Davidson, of the United States Coast Survey, reports discovering during his recent expedition to Alaska, a mountain range of iron ore, extending from the mouth of Chilkoot river far beyond its astronomical range. It has an elevation of 2,000 feet, and causes a local deviation of the compass of ten degrees.

The Professor has also determined the geographical position of numerous points on the line. An exploration party has shown the Chilkoot valley to possess soil, climate and productions far more favorable than those of the Alexander Archipelago.

The Supreme Court of the State of Nevada has decided that the telegraph branch of commerce there shall be under the control of Congress, in the same manner as other commercial intercourse among the several States.

## Mrs. Stowe and Lady Byron.

"Burleigh" writes from New York to the Boston Journal:

Mrs. Stowe has produced a sensation as marked as when she wrote "Uncle Tom's Cabin." Her name is in everybody's mouth, and her revelations in regard to Lord Byron are already household words. The subject of her revelations is the talk of watering places and camp meetings; in the courts and among the dry goods men; and the newsboys below out the revelations, and they are known to the freest. I never knew so unanimous a verdict. All classes, grades and ranks agree that the story is a malignant conception. Byron has more friends to-day in this region than ever. Nothing now would be received from a Lady Byron without corroboration.

—A man whose wife hung herself in his presence, on being asked why he did not prevent the tragedy, replied, "I cut her down three times last week, and I can't be always cutting her down."

## H. &amp; D. R. R.

The Glencoe Register says in a late article, that it is evident that the Hastings &amp; Dakota Railroad Company intends to ask further legislation this winter of our Legislature, seeking to be relieved of all points through Carver and McLeod counties, after having taken a large quantity of land in both aforesaid counties; agreeing expressly by the terms of their charter to run their road through the towns of Chaska, Carver, Benton, Waconia and Young America to Glencoe and on west to Big Stone Lake.

It is of vital interest to our County and McLeod to hold the Company down to their agreement and if we have an honest Legislature there is no doubt but that it can be done. We should therefore see that honest, experienced and capable men are sent to the Legislature this winter to represent our interest. This winter will decide the matter.—Let us then be true to our interests and see that we do not fritter away the advantages we now possess.

The Peach Season.  
A correspondent of the Chicago Tribune writing from St. Joseph, Mo., under date the 19th, says:

I propose to give you a few facts in regard to the fruit crop of this year, as compared with the previous year. Last year the quantity of fruit sent from this harbor, or rather this Benton Harbor, as is shown by the Collector's books, is as follows:

Strawberries, raspberries and blackberries, bushels, 28,000  
Peaches, baskets or boxes, 100,000  
Apples, baskets or boxes, 100,000

In addition to this, about 25,000 baskets or boxes were sent East to New York and other points on the Michigan Central Railroad. This season there has already been shipped to Chicago the following quantities:

Strawberries, bushels, 10,000  
Raspberries, bushels, 10,000  
Blackberries, bushels, 10,000

The shipping of peaches has just commenced. The boats on the evening of the 15th inst. took over 2,000 baskets of peaches and 1,200 baskets of blackberries. The peaches are all ripe. Those now shipped are all good, and for the credit of the fruit-growers of this region, not a peach should have been sent away. All that have been shipped are either hand and unripe, or are rendered so by the weather.

### Carver County Democratic Convention.

Nature's best gift to the Carver County Democratic Convention, was held at the village of Waconia, on Saturday the 15th day of September, A. D. 1869, at eleven o'clock A. M. for the purpose of selecting six delegates to attend the State Democratic Convention at St. Paul, on the 25th day of September 1869, at 11 o'clock A. M. ### ST. PAUL PIONEER.

We publish this week the prospectus of the above named sterling democratic Journal, the official organ of the Democracy of the State. It has, since it passed into the hands of its present proprietors, been a consistent and powerful advocate of honesty and economy in the administration of Governmental affairs, both State and National; demanding the taxation of Government bonds the same as other property; the repeal or modification of the existing oppressive tariff, in fact the friend and protector of the poor in its struggle with the bondholding corrupt radical administration party of the present day. We earnestly recommend it to the democracy of Carver County and hope to see it in the hands of many before the opening of the fall campaign. Terms daily \$10. per annum. Weekly \$2.00 per year, clubs of ten or more \$1.50 per year. Address Pioneer Printing Company, St. Paul, Minn.

### All Right, California!

The Golden State was the first to vote in the elections of the present autumn. It has done its duty well. Two Democratic Judges of the Supreme Court, a Democratic Legislature and Democratic local officers throughout the State, have been elected. Two Democrats were running as candidates for Mayor in San Francisco, and there are doubts as to the result, but the entire Democratic legislative ticket was successful.

The State will probably be burdened with a radical United States Senator till 1873; for he will not have the grace and decency to resign in compliance with the wishes of the people. But he, too, will go when the time comes.

The fall campaign opens well; it will doubtless close gloriously. It is not impossible that Minnesota even may be redeemed—Pioneer.

### WATERTOWN LETTER.

Ed. Herald.—There are good prospects for a fall and winter business in our border city. Our old village is made a city. Do not laugh misist "Herald!" Ask the numerous candidates, growing up in all parts of the County, what they think of Watertown after their visits to our place. You will not trust them? Then we can neither, and all their professions of eternal love and mutual devotion will go, where the beer goes, that usually immortalizes such union.

Watertown is the real capital of Carver County for the following reasons:

1. There is no bankrupt stockholder in the place.
2. There is always a brisk trade with the farmers or in family sales.
3. Here is the seat of the County Superintendent.
4. Here resides the devil insuring his property as he did their education.
5. Here is a menagerie of 200 animals not to count the fleas.
6. It is the hope of office seekers.
7. The most energetic business men reside here.
8. Napoleon lives here.
9. We have a Candy date of 3 months, Carver County age. Who can beat it?
10. Do you want any more proofs?
11. Must I tell you that Watertown has the best public school building in the

County, and pays the teacher the highest salary? But enough of this, and let me tell you of 3 funny "items" before I close.

1. I had occasion recently to stay a few nights in Long Lake Village, Hennepin County, a celebrated temperance place, where last year in the stillness of night the only saloon of the place was entirely destroyed by the temperance members of the community. Taking a stroll through the place I saw a school house, (you know my passion for that line.) I don't mean "narms" and seeking a light inside, I made myself present by looking in and listening through the window. I saw a young lady accusing the butcher of the place of having tried to butler the pledge of her father by offering him a glass of something in Waconia. The defendant, said the glass only contained water. No proofs being brought in to contradict this statement, the case would have been dismissed but for another point. Some person, I believe a young lady, had snelt whiskey from defendants breath. The butcher denied this entirely and fortified his defense with the homely remark that the judge before him kept wine and whiskey in the house. The judge thereon answered with solemn dignity, "The doctors ordered it." That's my case too, answered the butcher, after which the trial ended and temperance flourished as ever.

2. The Republican caucus for nominating delegates to the State Convention took place here a few nights ago. They hope to be better favored by fortune hereafter. The meeting was held in my insurance office, in spite of my remonstrances, that the risks were too black for me and could not be rated.

3. Our friend Peck drives a fine black horse and is stylish, muchly.

### Three Million Bales,

From the New Orleans Picayune, Aug. 25.

We see that the Northern papers estimate the cotton crop of this season at the above figures, and that, at 25 cents per pound, which it is supposed it will sell for, and not less, the South will receive \$500,000,000. We believe that there is cotton growing sufficient to make 3,000,000 bales, but the question is, Can it all be picked and sent to market? The calculation is this: It takes one hand to make four bales, and, of course, 750,000 laborers to make 3,000,000. We have not that number of field hands, and when we deduct the laborers necessary to cultivate the sugar, rice, tobacco, corn and wheat and deduct also the population of the cities, towns and villages, it will be seen that we are short of the labor necessary to secure 3,000,000 bales. With more labor, the South can supply the world with cotton. Efforts are making to induce immigration this year, but we are not sure that any considerable number from Europe will come here to cultivate the soil. The only country where we can look for any material increase of laborers is China. An experiment will be made next season to cultivate cotton with Chinese laborers, and if it should be a successful one, the harvest then in the production of cotton in the South will be great enough to supply the demand, and cotton raising in other countries will be abandoned. We hope we may secure 3,000,000 bales, but fear there is not sufficient labor to secure that amount.

It is a pleasant thing to note how many Radicals are beginning to get the light of a little reason. The other day Governor Palmer, of Illinois, who during the war was a Federal General, and almost the equal of Burbridge in brutal atrocity, made a speech in which he announced his opposition to the fifteenth amendment, because he held that it was an infringement upon the rights of the State to decide the question of suffrage for herself. This is the argument of the Democracy, and they have never advanced any other. We shall wait now to see whether the Radical press will tell him, as it so frequently has the Democracy, that the States have no rights.

A St. Paul special dispatch to the Chicago Post, (radical) treats upon the subject of Donnelly's letter as follows:

The political situation grows more interesting as the Republican Convention approaches. The Dispatch, yesterday, published a letter from Hon. I. Donnelly, in which he says, that while he will not enter the canvass and squabble for the nomination, if the Governorship is tendered he will gratefully accept. An effort is being made to induce Gen. Averill to withdraw from his candidacy for the Treasurership, and to come out for the Governorship. The Donnelly party bitterly oppose this move, as they desire to see Donnelly head the ticket. There will be some surprising combinations before the convention meets.

The Harvard and Oxford boat race, on the Thames river, England, came off on the 30th inst., the Oxford boys winning by one hundred and thirty feet, or six seconds. A small matter to make such a prodigious fuss over.

State Treasurer Munch expresses the decided opinion that, in fifteen years' time, the taxes paid by the railroads of this State will meet the current expenses of the State Government.

### CAUCUS.

The chairman of the Democratic town committee Mr. Krayenbuhl, has called the caucus on next Saturday at the School House, at 2 o'clock P. M., for the purpose of selecting 7 delegates to represent this town at the County Convention on the 15th at Waconia.

ACADEMY.—The fall term of this popular institute commenced last Monday. Prof. Mix presides over the higher department and Miss. Constance Du Toit over the intermediate and primary departments. We hope that the institute will be well patronized, for it certainly deserves to be. It is not only an ornament but a great benefit to the place.

NEWSPAPERIAL.—Our old friend Geo. Welsh has become associated with Mr. Belfoy in the publication of the Meeker County News. The paper has greatly improved of late, George we wish you success.

Mr. T. H. Perkins has retired from the editorial management of the Lake City Leader and is succeeded by Dr. Spaulding.

Our young friend Ed. Wright has had charge of Shakopee Argus during Mr. Hinds absence.

SOLICITING COMMITTEE.—Superintendent Peck has appointed Messrs. Mix & Brown and Miss Du Toit and Byhoffer as a committee to visit our citizens and procure stopping places for those in attendance at the teachers institute, Sept. 27, 8, 9 & 30. We hope and expect that the "demand" will be liberally responded to.

COMMUNICATION.—We are in receipt of a communication from J. K. Cullen of Watertown, which will appear in our next issue.

PERSONALS.—Hon. I. L. Lewis, J. A. G. Flood and H. J. Peck, three of Watertown most liberal and enterprising citizens were in town last Friday on a short but nevertheless pleasant visit. We hope to meet them often hereafter.

W. S. Vingar representing the popular firm of Culver, Page & Hogue of Chicago Ill., made us a very pleasant call on Monday.

Wm Patterson of Waconia also dropped in town on Monday and of course visited the Herald establishment.

We were visited by the gentlemanly members of the County Board and enjoyed the same highly.

Mr. Donnelly the genial agent of an excellent dramatic troupe spent an hours time in our office very pleasantly.

Squire How and Truman Strait two of Shakopee's "noblemen" visited our city and Carver on Sunday. Call again boys.

NEW ADVERTISEMENT.—Read the new advertisement of Henry Young which appears at the head of the advertising column on the 4th page. Mr. Young will receive a very large assortment of goods direct from the east, which he will sell at very low figures. Give him a call.

BALE! BALE!—Our young friend Peter Hils is making arrangements for a grand harvest ball on the 18th of this month. This is the first ball of the season and we feel confident that it will be well attended. Good music will be in attendance.

LAKETOWN.—Laketown has elected the following delegates to the County Convention to be held the 18th at Waconia. Col. Oberles, Joseph Schear, Ernst Poppitz, J. G. Metzold and John Bezel. A solid delegation we say.

BARBER SHOP.—Those wanting a "shave" should bear in mind that N. Shoenborn "does" up the business in the most approved style. Place of business on the levee near the ferry. Don't fail to give him a call.

HOME AGAIN.—Messrs. Young and Linenfolser returned home from Chicago and Milwaukee on Monday and will shortly be followed by a large assortment of new goods. Look out for new goods and new prices that will astonish the community.

### Republican Co. Convention.

The Republican County Convention convened on Saturday Sept. 4th according to announcement.

Convention called to order by the chairman J. S. Letford, Ernest Hanlin chosen Secretary.

The following delegates were then chosen by acclamation, to attend the State Convention on the 9th at St. Paul. M. H. Hils, W. A. Griffin, A. Carlson, Julius Schaler.

It was voted to hold an adjourned County Convention at Waconia, Sept. 24th for the purpose of nominating a County ticket. After which the Convention adjourned.

STORM.—The flood gates of heaven were opened last Friday, Saturday and Sunday and the land deluged with rain. There was an awful weeping! Jupiter and Vulcan were at war, and appeased their wrath after a warm contest. For the remainder of this article we refer our readers to the editor of the Rushford Era.

THEATRE.—The "Great Western Dramatic and Variety Combination" visited our village on Tuesday and Wednesday evening and favored our citizens with two of their unrivalled performances. The laughable comedy of "Betsey Baker," was on the board and was rendered with great success. The part throughout were well sustained, Mr. Victor as Mr. Mouser and Miss Hays as Betsy Baker especially. The songs and choruses were also of a high order and were received with shouts by the audience. We recommend them to the public wherever they go, and would bespeak a hearty support.

## WALTHAM WATCHES.

For a few months past we have advertised the above watches at extremely low prices, and the result has been most satisfactory. Our plan has been to sell the genuine Waltham Watch, in Solid Gold or Silver Cases only, and at a very small profit; giving the purchaser every opportunity of examination and comparison, and with the understanding that if the Watch does not prove satisfactory, it can be exchanged or the money refunded.

These Watches are, without exception, the most perfect specimens of the mechanism ever produced in any country. Each and every part is made by machinery of the most delicate and daily use construction.

Compare with foreign watches, they possess many advantages, exceeding not only in principle, but still more in their reliability as timekeepers. As an indication of the prices we submit the following:

Silver Hunting Watches, \$18.00  
Gold Hunting Watches, 18 karat, 80.00  
Gold Hunting Watches, ladies size 70.00

We often receive orders direct from our old and first for our watches, and we are glad to explain the difference in price, and give prices of each. This we will forward to any one on application, and it will be found very useful in making a selection.

Every Watch is warranted by special certificate from the American Watch Co.

We send them by express to any address. Allow the purchaser to open the package and examine the Watch before paying, and if afterwards it does not prove satisfactory, it can be exchanged or the money will be cheerfully refunded.

Please state that you saw this in the Chaska Herald.
